Profile

Jason joined the IBJI team in September of 2020 and has been practicing as a PTA since July 2018. Jason received his Bachelor's degree in Exercise Science from Upper Iowa University and then went on to complete his PTA degree from Elgin Community College.

Jason enjoys treating a variety of diagnoses but has a particular interest in sports medicine, joint replacements, and low back pain. His goal is to tailor each visit specifically towards the patient in order for them to return to work, sport, or regular activities pain free.

As a former collegiate athlete, Jason has an excellent understanding of how to treat a variety of orthopedic conditions. In his free time Jason loves to work out, play soccer, and spend time with friends/family.

Education

- Bachelor's Degree, Exercise Science, Upper Iowa University
- Physical Therapist Assistant Degree, Elgin Community College
