Profile

Carlos received his Bachelor of Science in Exercise Science at Saint Louis University in 2020 and his Doctorate in Physical Therapy in 2022 at the same institution.

Carlos typically treats general orthopedic conditions. He is pursuing a certification in dry needling and manual therapy techniques. He is also looking to obtain his orthopedic clinical speciality to further his treatment skills. He looks forward to meeting his patient to give them the ability to go through the day as pain free and efficiently as possible.

When not working, he likes to participate in outdoor activities based on the weather. If it's warm, he likes to go hiking, tubing, and swimming and if it's cold and snowy, he likes to go skiing and snowboarding.

Education

- Bachelor of Science, Saint Louis University, Exercise Science
- Doctor of Physical Therapy, Saint Louis University
