## Profile

Kelsey is a graduate of Carroll University's Doctorate of Physical Therapy program. Kelsey went on to join our team in July of 2017. Kelsey has a special interest in working with patients with foot and ankle conditions, but enjoys working with patients with various orthopedic conditions of all ages.

Kelsey has gone on to participate in Compression Wrapping practices with patients after foot and ankle surgeries to decrease risk of wound complications. She has been certified in cupping for neuromuscular education, as well.

Kelsey is very interested in all aspects of helping individuals return to sports, work, and every day normal life by treating the patient as a whole, and not just their injury.

## Education

- Bachelors of Science in Exercise Science, Carroll University
- Doctorate of Physical Therapy, Carroll University
