Profile

Omar Gomez has been working as a Physical Therapist for Illinois Bone & Joint Institute since graduating from A.T. Still University - Arizona School of Health Sciences in June 2022. He is excited to provide musculoskeletal care to patients in the Schaumburg area.

Omar is very interested in working with all varieties of orthopedic and musculoskeletal injuries. In particular, he has taken a special interest in working with chronic pain and endurance athlete populations.

When not working, Omar enjoys running, trialing different types of coffee, watching Star Wars/Marvel entertainment, and spending time with his family. Omar has been a long distance runner for well over half of his life, having competed in Cross Country and Track from middle school all the way through college.

Education

- Bachelors of Science in Exercise Science, North Central College
- Doctor of Physical Therapy, A.T. Still University - Arizona School of Health Sciences
