Profile

Ian is a recently graduated and licensed Physical Therapist with IBJI. He began his clinical career at the Libertyville clinic and eager to gain experience with his fellow peers.

I have experience with orthopedic injuries including ACL tears, meniscus tears, rotator cuff tears, frozen shoulder, and different injuries involving the spinal cord. Other clinical experience has included working with individuals who went through CVA, Parkinson's, Cerebral Palsy, and MS.

Ian has a goal for himself to improve professionally everyday and continue to grow through further education. Athletic Training has given him experience with athletes at the high school and collegiate level.

Ian has been recently married and moved to Lindenhurst. He is a big fan of art as a hobby and a big fan of the the Chicago Bears, Cubs, Bulls, and Blackhawks. Ian enjoys an active lifestyle through weight lifting, golf, and snowboarding during the winter months. I always want to connect with my patients and ensure a positive outcome for their experience.

Education

- Doctor of Physical Therapy, Rosalind Franklin University
- Bachelor of Science and Athletic Training, Northern Illinois University
