Profile

Hannah serves IBJI's Mooney Drive clinic in Bourbonnais. She joined IBJI in June 2021.

Hannah had wanted to become a physical therapist since late middle school after an injury she had received while playing soccer. She attended Olivet Nazarene University and received a Bachelor's degree in Exercise Science. While at ONU, she completed 4 years on the Women's Varsity Soccer team. With a passion for the game of soccer, she has served as a soccer coach for 7 years for Southland Strikers FC, developing young soccer players. After graduating from ONU, she attended Midwestern University where she received her Doctorate in Physical therapy in May of 2021.

Although she enjoys working with all patients and various diagnoses, her special interests are sport rehabilitation as well as concussion and vestibular rehabilitation. Her goal for all patients is to return them to their previous lifestyle and reduce the risk of re-injury. Her approach for treatment is to collaborate with all members of the medical team to reduce pain and improve function to best optimize patient recovery.

Education

- Bachelors of Science in Exercise Science, Olivet Nazarene University
- Doctorate in Physical Therapy, Midwestern University
