Profile

Anna grew up in the west suburbs of Chicago with a love of softball. That love of the sport gave her the opportunity to play in college and to enter the PTA program at Morton College. She graduated in 2000 and has been treating in outpatient orthopedic physical therapy ever since. She recently joined the IBJI Joliet clinic in Aug of 2020 and is extremely excited to be a part of the talented staff dedicated to providing an individualized approach of care in an encouraging environment.

She enjoys treating a wide variety of different diagnoses, but has a passion for foot and ankle injuries and total joint replacements. Anna loves to collaborate with patients to address their functional deficits and come up with a progression of functional strengthening activities to help the patient achieve their goals.

In her free time, she enjoys attending her son's wrestling tournaments and her daughter's gymnastics events. She's a movie and pop trivia buff and loves to cook.

Education

- Physical Therapist Assistant, Morton College
